

We are XMA.

We deliver innovative IT solutions that enhance how people learn, teach, govern, deliver healthcare and do business. We are a team of specialists, based across the UK in a business with over 30 years of experience, world class vendor partnerships and broad service delivery capabilities on the ground and in the cloud.

XMA in Scotland. National reach, local touch.

XMA has offices across the UK. XMA in Scotland is based in the Digital Media and Business Centre at 100 Brand Street, in Glasgow's Media Village, an area identified as the City's centre of creativity. An ever-growing local team of specialists offer advice and guidance to customers in all markets and includes order administration and technical teams for support. Our scale and national presence offers security and peace of mind, with a local touch that we know our customers appreciate.

IT solutions, tailor made.

We partner with the biggest global brands, taking their innovative computing, enterprise and print products and building bespoke solutions for our customers. XMA build Viglen devices in the UK - our manufacturing facility in St Albans allows us to offer computing devices designed to your exact specification, with an unmatched level of customisation and local support.
