

Delivering innovative
education technology

www.xma.co.uk

We are XMA

Our purpose is simple. To deliver IT solutions which enable educators to evolve and transform the way they work.

By understanding goals and expectations, we apply the right balance of compute, data centre and print technologies, to empower connectivity, mobility, security and collaboration across the whole of the private and public sector.

We're passionate about delivering an outstanding customer experience. Trusted by some of the largest education institutions in the UK, we put our customers at the heart of all that we do.

XMA in Education

Through our extensive experience and understanding of the edtech trends set to shape education, we help provide educators with the tools to deliver enhanced learning experiences, address the increasing student expectation for flexible and differentiated learning provision and begin to save time for teaching staff.

When shifting towards the "modern classroom" and introducing new technologies, it's our knowledge and partnerships with key technology players which enable us to lay the foundations for a fully immersive, integrated learning experience for all abilities and teaching methods.
