

Perfect for Office Workers HP ProBook

Built for business

The top three concerns PC users in business have are the weight of device, difficulty to transfer files, and loss of wi-fi connectivity. HP ProBook is a stylish and professional laptop that delivers all essential commercial features in a budget friendly price. **That's power, style and value - just what your business needs and users want.**

Take on a multi-driven, multi-tasking workday

Ultra-slim bezel

from 0.71" / 17.95mm

Dongle-free connectivity

Full-sized HDMI, RJ-45, USB-A and USB-C with no adapter needed

Privacy in mind

Optional HP Privacy Camera and HP SureView Gen3

Stay connected

Optional Wi-Fi 6 (802.11ax) and 4G LTE Advanced WWAN

Best of both worlds

Dual storage from fast SSD (up to 512GB) and high capacity HDD (up to 1TB)

Never wonder if someone is watching you with the added peace-of-mind that comes from the integrated HP Privacy Camera, with a physical shutter to protect from malicious surveillance. Instantly block prying eyes' ability to view your screen with optional HP Sure View Gen3 that reduces visual light when the screen is viewed from the side making it appear dark and unreadable. Firmware attacks can completely devastate your PC, with HP Sure Start Gen5 you stay protected wherever your workspace.

77%

cited outdated technology as their biggest workforce challenge

20%

had to cease business operations immediately after a cyber attack

41%

say 'performance' is top most importance of overall features

Fast Wireless experience

Intel Wi-Fi 6 WLAN Module is a giant leap forward in wireless connectivity. It will dramatically improve your wireless experience-especially in device dense environments like homes, airports, and large workspaces along with proven durability, designed to pass 19 Mil Spec testing, best in class.

Powerful performance

- 10th Gen Intel® Core™ processors and the latest generation of AMD Quad core processors
- Optional NVidia GeForce MX250 DISC graphics to accelerate your work
- Brighter 250nits FHD touch and Non touch panel

Business Grade security

- HP Sure View Gen3 protects against visual hacking with the press of a button
- HP Privacy Camera gets you peace-of-mind with a built-in shutter that blocks the lens of your camera.
- HP Sure Start Gen5 protects from malware attacks on BIOS and reduces downtime with automatic recovery
- HP Sure Sense to provide AI based endpoint security

A stylish and professional laptop
