

Is your meeting tech holding you back?

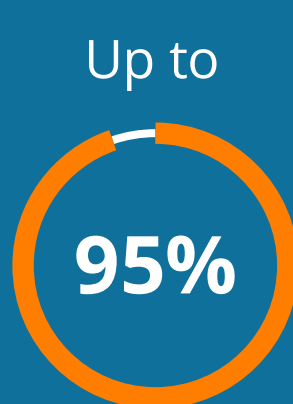

Improve it with EPOS

EPOS

If you're spending more time than ever on video calls, you need to be sure your tech is up to the job. If it's not, you're going to be wasting time, money and effort on meetings that don't work for you, your customers, or your team.

It's time to enjoy better, more productive meetings. The ADAPT range from EPOS has been designed to make this a reality.

Meetings can be frustrating

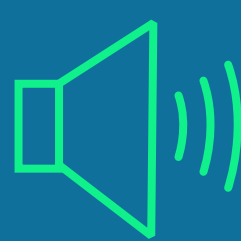

of meetings start late¹. Technical difficulties are an enormous factor in this

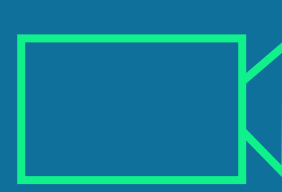

of web conferencing professionals believe their video conferencing tools are a hindrance¹

Meetings can be hard to understand

Audio issues can prevent key messages being shared

Video issues stop non-verbal communications from happening

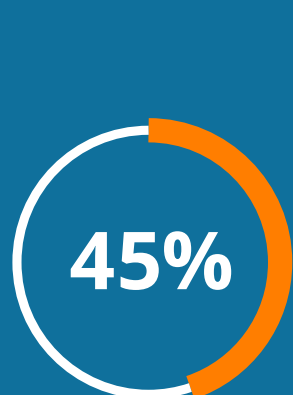

of users suffer audio issues²

suffer video quality issues²

Meetings can be time wasting

of American workers spend more than four hours a week in meetings³

of their working week⁴

But a good meeting can make all the difference

Bring **clarity**

Bring **understanding**

Boost **team spirit**
