

The XMA logo consists of the letters 'XMA' in a white, bold, sans-serif font, enclosed within a white rounded rectangular border. The background of the logo is a solid teal color.

Sound and vision personified

The clarity and definition of Poly for every work environment

From making the first headset on the moon to today's demanding business needs, Poly makes cameras, screens, microphones, speakers and headsets for the professional.

As a Poly partner and distributor, XMA is perfectly positioned to get the best from its world-class technology. We've created some Poly and HP bundles to suit any work requirement.

Poly and HP: made for each other

The rise of hybrid working has opened up our understanding of collaboration and partnership. This is why Poly is now a part of HP: to find hybrid solutions for today's business needs and take them into the future.

Executive Focus

The Poly Focus bundle is a high-end, business-centric collection that brings the very best of Poly and HP to make meetings loud and clear in the office or at home.

HP EliteBook 800 and 805

HP EliteBooks are slim, lightweight, powerful and 5G connected. Your office is always under your arm.

Poly Voyager Focus 2 headset

'Focus' is definitely the word with this two-way, active noise cancelling headset. All you hear is your call and all your colleagues hear is you. Comfortable enough to wear all day.

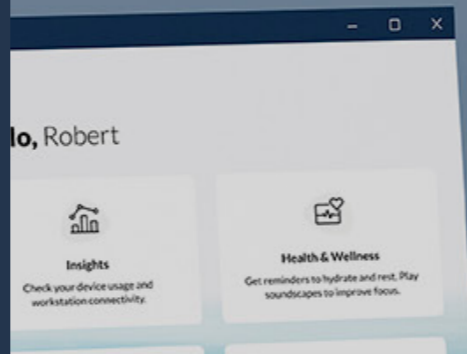

Poly Studio P15 video bar

Connectivity in the office has never been clearer than with the Studio P15. Automatic camera framing means you're always front and centre, and the sound bar and mic provide crystal audio for both sides of the conversation.

Office Voyager

The Poly Voyager bundle is a mid-range collection, delivering a quality that belies the price.

HP EliteBook 600 G9

The latest version of HP's 600 series brings 12th Gen Intel® processing to a powerful notebook, with up to 64GB memory and a 15.6" screen.

Poly Voyager 4300 headset

Everything you need to stay connected at home or in the office, with up to 50 metres wireless range and 24 hours of battery life. The Acoustic Fence dual mic means only you'll be heard, however noisy the surroundings.

Poly Studio P5 webcam

Easy to set up and small enough to take anywhere, the Studio P5 promises pro-grade 1080p resolution and 4x digital zoom.

The XMA logo consists of the letters 'XMA' in a bold, white, sans-serif font, enclosed within a white rectangular border that has rounded corners and a slight shadow effect.

Blackwire connection

The Poly Blackwire bundle is the ideal entry-level set up to give start-ups the most professional AV connections at a fraction of the price.

Poly Blackwire 3300 corded headset

Your head, ears and budget will thank you for using the Blackwire headset. Poly quality audio and comfort with the best value in its category.

HP ProBook 400 G9

Commercial-grade performance and security in a compact, durable casing to go with you wherever you are.

Poly Studio P5 webcam

Works wonders for a professional image. Compact and easy to use, the Studio P5 gives you confidence in the most critical conversations.

Stand out with Poly and XMA

At XMA we know that no two businesses are the same. Together with Poly, we can tailor a connected AV experience that works for you, your business and your budget.

Everyone needs to be seen and heard. XMA and Poly make that possible at the highest level of quality.
