# Digital Social Care

Understanding the power of  
technology to empower your workforce.

# The Digital Social Care landscape is always evolving

**With patient and provider experience at the heart of social care, understanding the power of technology to empower your workforce is crucial.**

XMA lead the way, offering a clear vision: intuitive, secure, and connected solutions that simplify care, automate manual tasks, and put instant access to vital information at your fingertips. We equip you to focus on what you do best – providing exceptional care for every patient.

# Unlock your digital potential, with iPad

**Social care providers can deliver the best care when they have powerful, intuitive tools.**

iPad with Apps helps them work effectively within hospital systems, connect remotely with patients and access the files and programs they need, wherever they need it. The result is care that becomes more efficient, more personalised and ultimately more human.

**Apps on iPad empower care providers to streamline workflow and deliver personalised care.**

Clinicians access medical records on the go, nurses and social workers communicate securely, and patients stay informed, connected, and entertained - all thanks to intuitive Apps tailored to each person in the system.

**iPad with Apps keep patients actively involved in their care.**

Smart Apps enable seamless information sharing with providers. HealthKit and compatible devices transform monitoring into a collaborative effort, putting real-time health data at the fingertips of both patients and social care teams.

# iPad lets your teams collaborate, connect and multitask from anywhere.

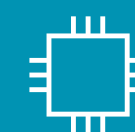

## Colourfully reimaged and more capable than ever.

The redesigned iPad has the powerful A14 Bionic chip to seamlessly run essential Apps and multitask with ease. It's easy to create and collaborate on the immersive 10.9-inch Liquid Retina display<sup>1</sup> and all-screen design. Stay productive while on the go with Wi-Fi 6 and 5G.<sup>2</sup>

10.9-inch Liquid Retina display<sup>1</sup> with True Tone

A14 Bionic chip with 6-core CPU and 4-core GPU for demanding tasks

All-day battery life to get through the workday and more<sup>3</sup>

Wi-Fi 6 and 5G mobile<sup>2</sup>

12MP Wide back camera

Landscape 12MP Ultra-Wide front camera with Centre Stage

Works with Apple Pencil (USB-C), Apple Pencil (1st generation)<sup>4</sup> and Magic Keyboard Folio

USB-C connector for charging and accessories

iPadOS 17 takes the versatility of iPad even further with powerful new productivity and collaboration features

<sup>1</sup>The display has rounded corners. When measured diagonally as a rectangle, the iPad 10.9-inch screen is 10.86 inches. Actual viewable area is less.

<sup>2</sup>Data plan required. 5G is available in selected markets and through selected network providers. Speeds vary based on site conditions and network. For details on 5G support, contact your provider and see [apple.com/uk/ipad/cellular](https://apple.com/uk/ipad/cellular).

<sup>3</sup>Battery life varies by use and configuration. See [apple.com/uk/batteries](https://apple.com/uk/batteries) for more information.

<sup>4</sup>USB-C to Apple Pencil Adapter required. Subject to availability

# With XMA, take your Apple experience to the next level.

## Unlock the full potential of Apple solutions with XMA, a partner you can trust in Social Care.

As an Apple Authorised Reseller, we offer guidance, backed by the expertise and dedication you deserve. Our Apple Team is here to guide you every step of the way.

### Effortless trade-in:

With XMA, trade in your old hardware to meet your ESG goals whilst saying secure and compliant.
