EPOS

# Connect students and staff to exceptional communication

With EPOS devices, from XMA

Today education needs technology that can bring learning to life, so every student feels heard, and every teacher connected. EPOS devices are ideal for modern classrooms – powering hybrid education, fostering creative learning, and cutting tech complexity.

# Craft collaborative classroom experiences

With devices that cut distractions and save time

## Edu 10

Multi-platform plug-and-play, anywhere

**Universal Compatibility:** The EDU 10 headset seamlessly connects to a wide range of devices, from PCs and Macs to Chromebooks and tablets.

**Crystal-Clear Stereo Sound for Enhanced Focus:** The design delivers clear stereo sound whilst minimising distractions, promoting concentration.

**Plug-and-Play Simplicity:** Say goodbye to complex setups. The EDU 10's single 3.5mm jack means instant connectivity – just plug it in and students are ready to learn.

**Built for Comfort and Durability:** Crafted with lightweight materials and featuring an adjustable headband, the EDU 10 ensures all-day comfort, even during extended use.

## Edu 11

Lock into study-time, all day long

**Focus on learning, not distractions:**

This single-ear USB headset delivers crisp audio while keeping students connected to their environment.

**Ready in seconds:** Just plug in and go! The USB connection works with any device, so lessons start instantly.

**Your voice, heard clearly:** The noise-cancelling microphone makes sure every word is heard, even in busy classrooms.

## Edu 12

Controls right at your fingertips

**Plug-and-Play USB:** The universal USB connection offers seamless compatibility with a wide range of devices, making it easy for students to get started.

**Lightweight Stereo Design:** Comfortable double-sided ear cups enhance focus during lessons, with EPOS's advanced audio technology ensuring clean sound quality.

**Convenient Inline Controls:** Direct controls, adjust volume and mute your microphone effortlessly.

**Clear Communication:** The unidirectional noise-cancelling microphone filters out background noise, ensuring students' voices are heard during virtual classes.

## EXPAND Vision 5

Time-saving, ultra-secure video bar

Intelligent picture framing means educators can concentrate on lesson delivery, knowing that EPOS AI™ is keeping everyone in shot.

Beamforming microphone array provides noise and echo cancelling, making sure teachers' voices stay clear.

Integrated cable management keeps busy classrooms tidy, and makes it easier to guide consistent setup for all users.

Sensitive data is kept secure with enterprise-grade protection and Kensington lock support.

Intuitive management options via the EXPAND Control tablet, or smart display touch screen helps teachers keep control.

## Bring Your Own Device Meeting Room

### BYOD Room

Easily use the room system's devices by simply connecting your laptop with the HDMI and USB cable

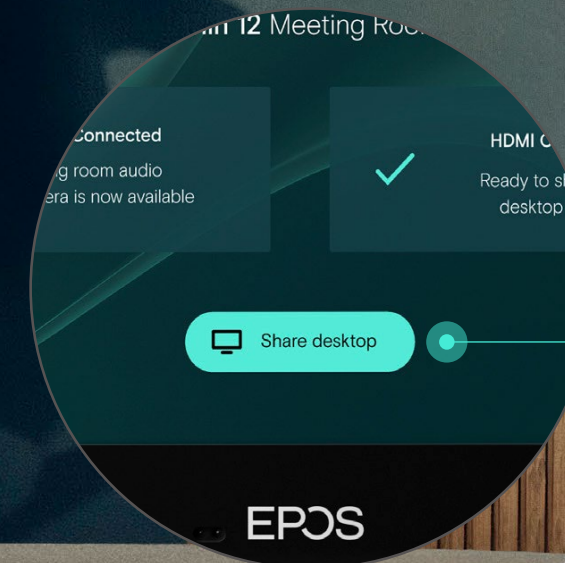

### Flexibility

No UC room dependencies, attend any video meeting via your personal laptop

Simple and easy user interface with instructions on screen

All in-one audio and video experience

Share your content with one click

# EPOS

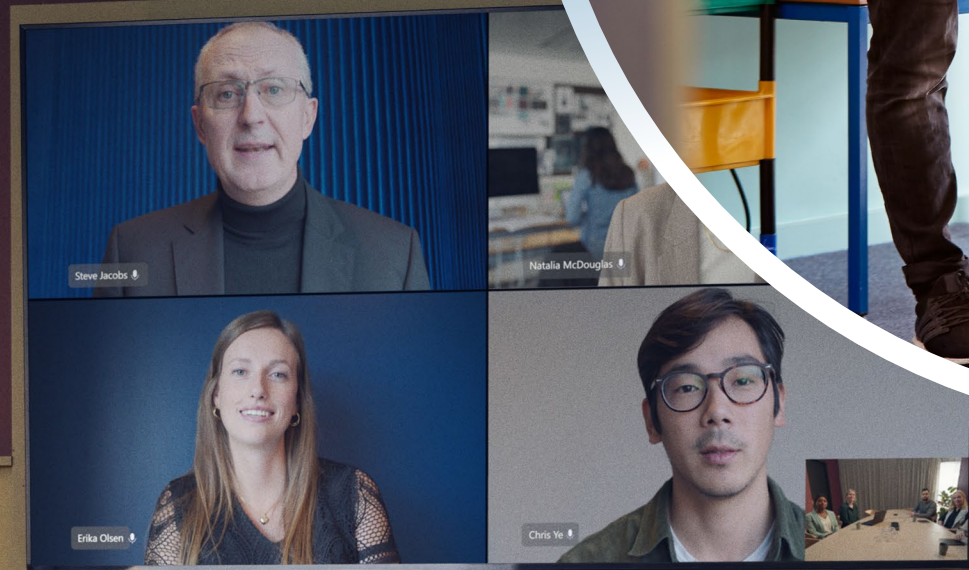

## Exceptional protection from EPOS

Available on all EPOS products, EPOS Extended Warranty can give education institutions the comfort of knowing their devices are protected, with additional one or three year packages.<sup>1</sup>

It's a cost-effective way to guarantee the lifecycle of your EPOS tech and acquire spare parts for up to five years after purchase. And, by securing your investment with Extended Warranty, your institution can better calculate TCO and ROI too.

<sup>1</sup>Not available in all countries - Terms and Conditions apply

## Why EPOS and XMA?

At XMA, we've been working with education institutions for decades – helping to create technology-enhanced learning environments that allow teachers and students to thrive. Our teams are experts in EPOS tech and can help your institution to embrace its advantages, with dedicated training, advice, and aftercare. And as an outcomes-focused partner, we're able to help you plan your purchase and support its deployment as well.

**Bring collaborative, empowering EPOS tech to your institution, with XMA.**
